

## NTN Notice Regarding COVID-19 and Testing Sites

---

NTN is committed to the continued testing of candidates while actively maintaining the health and safety of candidates and our testing partners. We are monitoring the status of COVID-19 across the United States. Although NTN is taking steps to keep testing centers safe, some candidates will have concerns about going to a public test center. We are offering those candidates the ability to reschedule for a later time.

If candidates appear ill we will send them home and ask them to reschedule by contacting our Support team.

To reschedule an exam please contact our Support team. You can either reach out to us via the [Contact Support](#) link in the bottom right side of our website ([cosmetologykansas.com](http://cosmetologykansas.com)) or by calling 855-821-3761.

Please review the [COVID State Agency Operations Memo from the Office of the Governor](#) for important safety information.

We want to reiterate that health and safety remain our highest priority. We thank you for your understanding and will continue to keep you updated through this difficult situation.
